

TL Note: "Just kill me" is a kind of trope line for high class knight girls getting captured by enemies (often orcs) and then begging them to just kill her already instead of exposing her to more shame. It usually ends with lots of rape.

JUST KILL U

ゴブリンはもう十分に強い

Goblin is very strong

...That
would
still make
her an
idiot

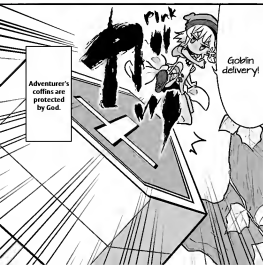

Is she
an idiot
or just
lacking
basic
know-
ledge?

Because if a party without
a hero gets wiped out...

The coffins just sit where
they fell.

Well, rest
in peace

My god!

Thunk

No matter what kind of damage it receives, it will not break.

This may be a response to the people's worries.

There have been lots of people praying lately.

Suna is nice weather, isn't it, Father?

Fwooooo

As long as we keep the faith, a hero saviour will app-

Salvation will come to the world overrun with monsters

Lord, a demon has descended!

I'm tired of this. Just go away.

I will not accept a loss! This time I will show you--

Defeating you only earns me a single gold. It's a point

⊙ Bonus for defeating warrens under level 10: 1g

I won't forgive you

I won't forgive you even if you cry, you cursed monster!

Not just once, but twice!

30 minutes later.

My name is
Aricle.

I am the former
captain of the
Royal Knights
of the Dodoswe
Kingdom.

You should feel
honoured to be
cut up by me!

But still,
defeating
me twice,
you have
some skill.

Listen
to me.

What?

You're
a male,
aren't you?

With that
strength.

We're both
girls, of
course.
I wouldn't
fall for it.

That was supposed
to be sex appeal!

Listen,
you're weak
and kinda
dumb.

You're not
cut out
to be an
adventurer.

Now you
resort to lies?

You didn't fall
for my sex
appeal, either.

You sure are
cunning!

What
hap-
pened to the
party
you were
with?

When I said
I was going
to come
challenge
you again,
they said
it wasn't a
good idea.

...They're
right.

Granite-
chaaaaan?!

I wonder
when I
can see
Warden-son

We finally
kicked
friends...

Mycrohan
is the
continent
with the
weakest
monsters,
so next
would be...

I've levelled
up a bit, so
I'd like to
try some
more
difficult
quests

I'm
still 5...

You're
pretty
strong,
though,
so you'll
be fine

Father,
calm
down!

What
the
fuck!

But again...

Pop

Shut up

I just feel
like re...

This time
I'm going
to--

Why
are you
wearing
a skirt?

I had to
apologise
and pay
for
destroying
the building

Took you
a while
this time

I'm about
done for
the day.

But again...

Pop

He passed away the other day, and I was removed from my post the next day...

My father served as a minister for the king, and with his recommendation I became the youngest knight captain in the kingdom!

I'm not weak!

I was born an elite!

Zero!

And no savings?

None at all.

You have no money left?

Hang on a second!

I used up all of my inheritance paying to repair the church (twice), and now all I have left is my skill with the axe.

But defeating a major enemy like you will be a perfect start for me!

Okay, goodbye, then.

I promised

I'll never leave the town again!

Will you promise to stop adventuring?

I won't go that far!

You don't have to go that far!

Woof woof howl bark bark!

Bark like a dog

Why..?

Ahh, you moved.

Gush Spurt

There's no saving you now, though.

I'll put you out of your misery.

S-Stop!

Bleeding

FWOO

..A promise from a monster?

No way.

..You said you'd let me go..

No I didn't

Yes, you did.

..Is there any reason to believe

iti to iti
iti-Bleeding

...What?

Ooh, that's good.

Well, then, all that's left is to perform the ritual of 100 kicks to the butt.

What area?

Do not worry, we have called in a professional in that area.

After reviving her, give her 100 kicks to the butt

Today sure was hectic.

Oh... there was one other message from the monster --

Was it really the monster who said that?

Smack
Smack

Aaaaagh!

Urgh...

...Just hit me, already!

Go home!
Or rather, let me go home!
